We are here to serve YOU. Thank you for allowing us to help you with your wireless point to point needs.

**Installation Services**

Since 2001, BluTec Systems has installed more links (750+) than any other North American provider of point-to-point solutions. Our manufacturer-certified installers are proficient across all brands of FSO or RF products.

Their job...is to make the integration to your network environment as seamless as possible. Taking just two days, we promise your vital infrastructure services will go uninterrupted.

**Purpose of Link:** Morrie's Automotive in Buffalo, MN needed to connect their car sales showroom data network to their automotive repair center. Only one problem: it was on the other side of a 4-lane highway. So Morrie's decided to install a point-to-point wireless link to span the short distance.

The **Trimble PX-P0200E100TP** provided just the right bandwidth for the budget they were looking for.

Four lane freeway limiting your network connections? No problem. That's what we're here for. Get a QuickQuote today.
