

Colorado Rocky Mountain School
Carbondale, CO

Distance: 83 Meters Speed: 100 Mbps Full Duplex

Purpose of Link: The Colorado Rocky Mountain School is located in the Roaring Fork Valley just 30 miles from world-famous Aspen, CO. Known for its sustainability and outdoor studies curriculum, CRMS is a self-sufficient campus that draws its energy from a large solar array housed and maintained by its college-preparatory students.

Since 'digging in granite' is not always an enjoyable option, CRMS turned to BluTec Systems for an answer to connect their Holden House medical facility to their business office. The north-south orientation and 20 degree elevation change set up nicely to install a Trimble **PX-P0200E100TP** wireless link.

Have a tight deadline and need that network connection within 30 days? No problem. That's what we are here for. Get a QuickQuote today.

BluTec Systems

Operating out of Chanhassen, MN USA, BluTec Systems is structured to serve customers from around the world. Our staff is available 24x7, seven days a week to handle any inquiry or question you might have.

We are here to serve YOU. Thank you for allowing us to help you with your wireless point to point needs.

Installation Services

Since 2001, System Support Solutions has installed more links (600+) than any other North American provider of point-to-point solutions. Our manufacturer-certified installers are proficient across all brands of FSO or RF products.

Their job...is to make the integration to your network environment as seamless as possible. Taking just two days, we promise your vital infrastructure services will go uninterrupted.
